Style first installed Dorma Hüppe moveable walls at global law firm Mayer Brown in 2007. After 12 years Mayer Brown decided to update its flexible space with the latest operable wall technology. Working with MCM Architecture and contractor Overbury, Style installed two semi-automatic Variflex partitions and three Skyfold vertical-rising, fully automatic systems, both taken from the comprehensive Dorma Hüppe range of operable walls. Mayer Brown visitors and staff now enjoy outstanding acoustic privacy between divided areas of 52dB Rw for the Variflex's and 59dB Rw for the Skyfoldjunkers, ensuring presentations, lectures and speeches can run concurrently and undisturbed.
